

Richard Wakefield C.E. Primary Academy
Upper Key stage 2
Long Term Plan 2018-2019

The curriculum in upper key stage 2 is taught on a 2 year rolling program. Mathematics is taught using the core long term plan for Years 5/6 mixed age planning. Year 6 may deviate slightly from this within the summer term to ensure all aspects of the curriculum have been taught prior to the SATs.

Science is taught in Year groups once a week following the Science units from the National Curriculum 2014.

All remaining areas of the curriculum is taught following our mixed year group program.

Science	Autumn	Spring	Summer
Year 5	Forces Earth and Space	Properties and changes of materials	All Living Things and Their Habitats (Life cycles and reproduction in some plants and animals) Animals, including humans (Changes as humans develop to old age)
Year 6	Living things and their habits Evolution and inheritance	Electricity Light	Animals including humans
